

KAWEAH SUBBASIN WATER MARKETING STRATEGY

STRATEGY DOCUMENT PUBLIC COMMENT PERIOD ENDS NOV. 8, 2024

The public draft of the Kaweah Subbasin Water Marketing Strategy Document (Strategy Document) is now available for review and comment. The document covers the background of a water market concept as it applies to the Kaweah Subbasin, the research and decision-making conducted in support of a market, and the proceedings and outcomes of Pilot Water Market v1.0 done in Mid-Kaweah GSA. The Project Coordination Team associated with development of the Strategy Document is requesting reviews, comments, and feedback on the document from stakeholders, community partners, and all other interested parties by close of business **Friday, November 8**. All insights into the Strategy Document are valuable and greatly appreciated as we work together to ensure the long term sustainability of the region's water resources and our communities' economic viability for years to come.

You can access the document at the following link: [Draft KSWMS Document](#)
